

For over 12 years in a bustling world, a quiet promise has been taking shape. It's a promise held in the palm of your hand, felt balanced weight of a knife, seen in the graceful curve of a spoon. This is promise of Chuanxin.

We are a young brand born from a new generation of dreamers, but our hands are guided by 12 years of unwavering dedication to the stainless steel cutlery. We connect the gap between timeless technique and a fresh, creative vision. Our mission is simple yet profound: **to share beauty of life, starting from the details of a meal.**

We believe that the foundation of a beautiful life isn't always found in grand gestures but in the small, intentional moments we create ourselves and others. The most meaningful conversations often happen over a shared dinner. The deepest comforts are found in a warm, solitary breakfast. At Chuanxin, we see the dinning table not just a piece of furniture, but as a stage for life's most authentic scenes.

# Working with Chuanxin

## Customization

**Tailored Design & Development:** From modifying an existing handle pattern to creating a completely unique design.

**Material and Finish Options:** Choose from a variety of finish, mirror, satin or brushed, or custom antique and PVD coatings.

**Logo & Branding Expertise:** Laser engraving, embossing, or stamping to ensure your logo is displayed with elegance and permanence.

**OEM/ODM Services:** Whether you have detailed specification or a concept need support, we have the flexibility and creativity to meet your needs.

## Quality Control & Assurance

**Incoming Material Inspection:** Every batch of stainless steel meets our strict standards for corrosion resistance and strength.

**In-Process Checks:** Our quality team conducts rigorous inspections at every stage of manufacturing—from stamping and polishing to finishing and packaging—to identify and correct any issues immediately.

**Final Inspection:** Before shipment, every order undergoes a final AQL (Acceptable Quality Level) audit.

**Performance Testing:** We routinely test our products for critical factors like dishwasher safety, to ensure they stand up to daily use and time.

## Supply Chain

**Vertical Integration:** We manage key stages of the production process and source high-quality raw materials directly, guaranteeing consistency and minimizing external disruptions.

**Production Planning & Transparency:** We provide clear timelines and keep you informed at every stage, from material procurement to final assembly, ensuring complete visibility and on-schedule production.

## Logistics

**Global Export Expertise:** With extensive experience shipping to markets worldwide, we handle all the complexities of international trade, documentation, and customs compliance.

**Flexible Shipping Solutions:** We work with a network of trusted freight partners to offer flexible options by sea, air, or land, balancing cost-efficiency with delivery speed according to your requirements.

**Secure & Custom Packaging:** Your products are protected with tailored packaging solutions, from individual poly bags and custom inserts to sturdy cartons and secure palletizing, ensuring they arrive in pristine condition.
